#### **Children's Services**

Children Services is mandated to investigate all reports of child abuse, neglect and dependency in Highland County. Our mission is to keep children safe while helping families stay together, learn healthy living habits, and become a stronger family unit. Even in situations where a child must be temporarily removed, we work hard to help families overcome their problems. Some of those problems may include: drug/alcohol addiction, financial problems, domestic violence, anger management issues, lack of parenting skills, and more. We create a plan with each family to help them address these issues, and then link them with other agencies and services, depending on their needs. Most families that we work with want to improve their situation and are willing to cooperate on achieving their plans. When families are not able to improve their situation so that their children may return home safely, the agency may seek permanent custody and develop a stable, permanent plan for the children through adoption services. All children are served, birth to 18 years of age or until the age of 21 if the child has special needs. 937-393-3111

*Long Term Care:* Long-term services and supports are programs or services that help older adults and people with disabilities accomplish everyday tasks. These tasks may include bathing, getting dressed, fixing meals, and managing a home. As our population ages, the number of individuals needing this kind of help will increase. Long-term services and supports allow individuals to live healthy, secure, and independent lives either in a long-term care facility or in a home and community-based setting.

*Home and Community-Based Services:* Home and community-based services offer individuals with long-term care needs the option of receiving their services at home or in a community setting. These programs serve a variety of populations including individuals with intellectual or developmental disabilities, physical disabilities or mental illness.

*Services in a Facility:* Individuals who cannot care for themselves at home may require services through a facility-based care setting (such as a nursing home or other long-term care setting). Ohio's Medicaid program can help Medicaid-eligible Ohioans pay for their long-term care.

**Specialized Recovery Services (SRS):**

Individuals diagnosed with a serious and persistent mental illness, a diagnosed chronic condition, or who are active on the solid organ or soft tissue transplant waiting list may be eligible for the Specialized Recovery Services (SRS) program. Services available through the SRS program include recovery management, individualized placement and support, and peer support. Individuals eligible for the SRS program also receive full Medicaid coverage.

*Medicare Premium Assistance Program: Who is Eligible?* Individuals receiving Medicare and who meet specific income and resource requirements. *Description:* Helps people who are eligible for Medicare and have limited income or assets get assistance with paying their Medicare premiums, deductibles, and coinsurance.
